In the beginning there was Canadian, a small struggling settlement. . . . On the 8th day there was oil, black gold, a new source of life for the small community. Life flourished — the town grew — the school advanced to a AA classification. A new high school was built, the middle school was modernized, the elementary was enlarged. New friends were made, opportunities were available. The same rejuvenating energy can be seen in Canadian's youth — a chance for new improvements in the future, not only to their town, but to the world.

Our great Varsity basketball stars once had to learn to dribble.
The Cat's Tale Staff had to first learn how to scribble.
The golf team had to learn how to putt.
Even the girls in Home Ec. were taught to cut.
The track team learned to walk before they could run.
The speech team worked hard before they could have fun.
Our tennis team had to learn to serve.
Even our super teachers had to learn to grade on the curve.
The football team practiced to give it their best shot.
The U.I.L. team fought to come out on top.
The band, twirlers, and flags practiced long hours to add to the spirit
The cheerleaders had to learn the words to the cheers before they could yell it.
In 1980-1981, the Annual Staff learned a lot from our mistakes.
After all, we had to put up with photographers like Eric and Mace.
Though the pictures may not be up to perfection,
You would really laugh if you saw the piles of rejections.
You're welcome to try if you can do better.
But remember, we're all in this together.
This was a new experience for we were all new.
We want you to know Cats, we're 100% loyal to you.
Now to the Black and Gold, we tip our hats.
This truly was the Year of the Cats!!!

MANY DIFFERENT ACTIVITIES GO INTO PUBLISHING A NEWSPAPER, LIKE . . .

1. Interviewing by Johnny Goff.

4. Marcee Cole writing snappy headlines . . .

2. The writing of those interesting and entertaining stories by Jane Schafer

5. And what paper would be complete without that clever art work by Darlene Ginter and . . .

3. Kari Burnett typing those interesting and entertaining stories . . .

6. Those action shots by our "on the scene photographer" Mace McAdams.

7. Then we have our editor, Mike Mitchell and his on the spot helper, Becky Irvine running off pages and pages and pages . . .

10. Of Course NONE of this would be possible without the love and patience of their sponsor, Mrs. Marcum

8. And Marcee Cole, Johnny Goff and Karri Burnett put those pages together to form a paper fit for . . .

11. Altogether the CAT'S TALE Staff makes a great team . . .

9. Tammie Schaeff to sell.

12. Well, most of the time.

Words no longer seemed of use
Old ways of thinking left behind
Images clear as sunlit dew
Flowing freely thru my mind
Bring as the image formed
Without space and time between
Looking back it seemed a dream
Only now was real to me
The depth and feeling of its force
Moving me beyond myself.
